Step by step assembly instructions

Step 1

With 2 people, carefully place the table top (part 1) upside down on a soft, flat surface near where the unit will be used. Locate the leg panel (part 2) as shown below then secure using the bolt (part A), spring washer (part B), flat washer (part C) and allen key (part D).

Ensure all bolts are fully tightened before use.

Step 2

With 2 people, carefully turn the product over and place in position. Do not drag the table when moving, must be lifted to prevent damaging the legs!

Care and Maintenance

Wood furniture

- Wood displays different grain patterns depending on which way they cut - for example, the 'medullary rays' which can appear as a mark of good quality timber - these are just characteristics of the natural beauty of the wood. Some furniture is also deliberately aged and rustic.
- Wood veneers also allow distinctive patterns to be created on flat surfaces, such as table tops and drawer fronts by the way the slivers are arranged.
- All timber surfaces will change colour and mellow over time. New furniture will initially vary in shade from items that have been previously purchased.

Terrazzo furniture

- Terrazzo is a composite material that will have variation in color, pattern, and texture - no two pieces are alike.

How to care for your terrazzo and wood furniture

- Wood furniture with a hard lacquer, wax polish or painted surface should be dusted with a dry cloth.
- Wipe clean terrazzo with a damp cloth.
- Do not use any harsh cleaning chemicals.
- Use coasters for drinks glasses as the finish may mark when put in contact with hot drinks or liquid.
- Clean up any spills (eg. red wine, coffee, cola etc.) immediately to prevent stains and water rings.
- Make sure all surfaces are protected from heat and liquids by mats and coasters. Wipe spills immediately with a clean, damp cloth to prevent stains or water rings. Do not leave liquids like red wine, coffee, acid juice etc. onto the tabletop, wipe this off promptly.
- Our furniture will endure most temperatures in the home but it is best to avoid placing furniture next to heat sources such as radiators or fires. Be particularly careful with solid wood as the lack of humidity caused by central heating can cause damage such as warping.

Safety instructions

- Never drag furniture when moving it, always lift it.
- Do not sit or stand upon this product.
- Do not use the terrazzo as a chopping surface. Do not strike the terrazzo with hard or pointed items.
- Periodically check all fixings to ensure none have come loose and re-tighten where necessary.
- Please take care when handling or moving the furniture, careless handling may cause damage or injury.
- Furniture can be dangerous if incorrectly installed. Assembly should be carried out by a competent person. No liability will be accepted for damage or injury caused by incorrectly installed or assembled furniture.
- It is recommended that before moving heavy objects to a new location they are completely dis-assembled to avoid personal injury or damage to the furniture. Please be careful to retain all fittings when doing this.

PLEASE READ!

This product has a terrazzo top. Please read the care guide thoroughly. We recommend using coasters and cleaning up spilled liquids immediately.
